MURLEY REPLACES ALLEN IN
HOUSE OF OKLAHOMA
LEGISLATURE.

REPORT FAVORING DEM-
OCRAT IS ADOPTED

Membership in Lower Branch of Leg-
islature from Alfalfa County
Changed After Contest.

Guthrie, Ok., March 31.—The state senate today had under consideration the house bill for compulsory education of children between the ages of 8 and 16 years. The bill provides for appointment of truant officers in incorporated towns, and for habitual “hokey” playing a lad may be sent to the state reform school. Some sections of the bill were opposed by Senator Blair, who stated that the legislature had gone wild in regulating all the affairs of life. He declared against the power of boards to compel school attendance when conditions of the individual may not warrant it. “The legislature has gone on in its may career,” he said, “talking about curing all the ills society is heir to by book learning and you are talking rot. There are things to be learned that you will not find in the books.” The debate revealed that Oklahoma only had about 6 per cent of illiteracy.

Guthrie, Ok., March 31.—By a vote of 75 to 19, with fourteen absentees, the House adopted the majority report of the committee on privileges and elections which gave the seat allotted to Alfalfa county to Dan G. Murley, democrat, unseating W. H. H. Allen, republican. Murley came forward five minutes later and took the oath of office, administered by Speaker Murray. The chairman, Mr. McCall of Love county, cautioned the house and the galleries to indulge in no demonstration. As soon as the oath had been administered to Mr. Murley Mr. Allen who had held the seat for 106 days, left the hall.

The contest had extended over a period of thirty days, one result being the arrest and conviction of County Clerk Kincheloe of Alfalfa County for contempt of the house, and his incarceration in the county jail here for twenty-four hours for refusing to permit the committee to count the ballots. Hearing of the reports from the committee began yesterday, Mr. Chappell (republican) defending the minority report, which favored Allen. The only vote taken yesterday showed the minority leading, but there was a change during the night and the minority report was sent to the table on motion of Mr. Rainey of Atoka today, by a vote of 56 to 38. When the final vote which seated Murley was taken, the insurgents in the house lost still more of their strength. Mr. Chappell charges that the minority members were victims of misplaced confidence. The morning session of the house was devoted to the state national guard bill.

Among the new house bill introduced were: By Mr. Stone prohibiting hazing in colleges; by Mr. Carson making it unlawful for wholesale merchants, or manufacturers, or their agents to offer or sell dry goods, etc., without having the article or package branded stating “in plain English the material out of which the article is woven or constructed”; by Mr. London dividing Jefferson county into two court districts, Ryan and Cornish.

The senate recommended for passage the bill by Mr. Durant of the House authorizing an extension of the school land leases for one year and providing for statistical information regarding all of the public lands. The bill affects about 2,000 leases.

SHAWNEE POLICEMAN AND
ROBBERS FIGHT IN DARK

Pistol Battle Follows Hold-Up of
Groceryman—Fleeing Man Leaves
Trail of Blood.

Shawnee, Ok., March 31.—In a desperate battle in the dark between Policeman John Hatfield and two holdup men at 2:30 o'clock this morning, one of the holdup men was wounded and is now said to be dying. The other desperado was probably wounded.

Blood was seen along his trail in the Canadian River bottom.

After the two men had held up and robbed Will Craig, a grocer, and Dr. W. C. Bradford at the muzzle of pistols on the street, Policeman Hatfield jumped them out of a freight car in the Rock Island yards. Both robbers drew guns and opened fire, which was answered by Hatfield. One went down from the officer's second shot, the bullet passing entirely through his body near the heart. The second robber continued the fight as long as he had a cartridge and then escaped, falling as he ran, but regaining his feet, and made for the Canadian bottoms, leaving a trail of blood behind him. Fifteen shots in all were fired.

Hatfield is uninjured. He has two bullet holes through his coat.

The wounded man says he is from Santa Anna, Tex. He can not live.

MRS. ROOSEVELT IN SOUTH.

Wife of the President Modestly Re-
fuses Social Honors at New
Orleans.

New Orleans, La., March 31.—The president's yacht, Mayflower, with Mrs. Roosevelt and her guests on board, arrived here shortly after 1 o'clock this afternoon. Gov. Blanchard and several of the personal friends of the president met the party and extended a greeting in the name of the state and city.

In conformity with wishes expressed by Mrs. Roosevelt when her trip was first planned, no formal entertainments have been arranged in her honor during her stay here. The members of Fitzhugh Chapter, Daughters of the Confederacy, have planned, however, to entertain Capt. Fitzhugh Lee, the president's military aid, who is accompanying Mrs. Roosevelt on the trip.

OKLAHOMA CENTRAL THROUGH.

Trains Are Now Running Into Chick-
asha.

Chickasha, March 31.—The Oklahoma Central Railway has established passenger service between Lehigh and Chickasha. Heretofore all trains have been operated only as far as Blanchard. This practically means the completion of the railroad.

THE CHIEF JUSTICE ENDORSED

ARMORE'S ENTHUSIASTIC APPROVAL OF HIM WILL MAKE NOMINATION UNANIMOUS.

WOULD PLEASE ADA

Chief Justice Bob Williams Very Popular in Pontotoc.

To the Honorable S. T. Bledsoe, Chairman of the Ardmore Democratic Club:

Whereas, The time is near at hand for the nomination of chief justice of the supreme court of the state of Oklahoma, and

Whereas, The Honorable R. L. Williams is the incumbent of that exalted position and by reason of having drawn a short term, as a member of said court, will unquestionably be called upon to be his own successor, and

Whereas, During the time he has been upon the bench, he has unqualifiedly shown himself to possess the qualities of a splendid appellate judge a pains-taking investigator of legal truths, and a jurist whose purpose is to reach and develop the substance and spirit of the law rather than follow the shadow of antiquated theories and who has so commended his learning and usefulness to the people as to arouse the hope of the democrats of this club that he will be tendered the nomination of chief justice to be ratified by unanimous action at the polls.

Therefore, Be it resolved by the Ardmore Democratic Club, that we ask the hearty co-operation of all the democrats of the 2nd Supreme Court Judicial district to the end that Judge Williams be tendered the nomination

of Chief Justice of the Supreme Court of Oklahoma and thereby forestall the necessity of any initiative on his party in aid of that purpose, and that this be done by the democracy as an earnest of its confidence in him as a man, a citizen and a jurist,

Resolved, That a copy of these resolutions, properly attested by our president and secretary, be forwarded to Judge R. L. Williams.

Resolved, That the press within the 2nd Supreme Judicial District be requested to publish these resolutions of our club.

Respectfully submitted,
STILLWELL H. RUSSELL,
A. C. CRUCE.

Pain, anywhere, can be quickly stopped by one of Dr. Shoop's Pink Pain Tablets. Pain always means congestion—unnatural blood pressure. Dr. Shoop's Pink Pain Tablets simply coax congested blood away from pain centers. These Tablets—known by druggists as Dr. Shoop's Headache Tablets—simply equalize the blood circulation and then pain always departs in 20 minutes. 20 Tablets 25 cents. Write Dr. Shoop, Racine, Wis., for free package. Sold by G. M. Ramsey.

The Last Service.

Tonight is the last of the series of services at the Methodist church, and it is the earnest desire of those in charge to have a large attendance. The sermon last evening was a glorious one, and you missed a treat by not being present.

To Test Opinion.

Guthrie, Ok., March 31.—The board of regents of the state university have retained W. A. Ledbetter of Ardmore to bring suit in the supreme court to test the opinion of the attorney general, in which it was held that the state board of education has plenary powers in the government and control of the university, superseding the board of regents. Mr. Ledbetter was here today in conference with state officials regarding the proposed suit. The question involved as stated by the Oklahoma law upon the boards of regents of the state educational institutions had been supplanted by the constitution in creating the state board of education. The suit will probably be instituted the last of the week.

SENATOR JEFF DAVIS ASSAULTED AND HURT

Scalp Lacerated in Street Affray With the Assistant Prosecuting Attorney.

Little Rock, Ark., March 31.—Senator Jeff Davis was this noon the victim of an assault at the hands of Deputy Prosecuting Attorney Tom Helm that resulted in a badly beaten head, a precipitate retreat and the senator's subsequent reappearance on the streets with a navy revolver.

Immediately after the difficulty Helm was hustled to the seclusion of his own office by his friends.

Bleeding profusely from a large contusion on his right temple, Senator Davis presented a striking picture on the street, hatless, his cane dropped in his fright and expressing himself in strong language. The senator's wounds were not serious, but they necessitated the care of a surgeon.

That languid, lifeless feeling that comes with spring and early summer, can be quickly changed to a feeling of buoyancy and energy by the judicious use of Dr. Shoop's Restorative. The Restorative is a genuine tonic to tired, run-down nerves, and but a few doses is needed to satisfy the user that Dr. Shoop's Restorative is actually reaching that tired spot. The indoor life of winter nearly always leads to sluggish bowels, and to sluggish circulation in general. The customary lack of exercise and outdoor air ties up the liver, stagnates the kidneys, and oft-times weakens the heart's action. Use Dr. Shoop's Restorative a few weeks and all will be changed. A few days test will tell you that you are using the right remedy. You will easily and surely note the change from day to day. Sold by G. M. Ramsey.

NELSON AND ATTELL DRAW IN FIFTEENTH

Savage Game at San Francisco Undecided—Early Rounds Favor Abe.

San Francisco, Calif., March 31.—Battling Nelson and Abe Attell fought fifteen savage rounds to a draw tonight, the mill being one of the liveliest ever witnessed here. The remarkable ability of the Dane to stand terrific punishment saved him from defeat in the earlier rounds, when Attell had all the best of it.

In the latter half of the fight Nelson came up strong and hammered his man unmercifully. Nelson was the aggressor at all times, pursuing Attell around the ring and twice sending him to the ropes. The crafty Hebrew, however, sidestepped some extremely dangerous corners, when it seemed he was certain to be annihilated.

Attell was roundly hissed in the twelfth round for stalling, but it was his salvation for the Dane was after him like a mad bull. The crowd, which in the earlier stages had been strongly on the side of Attell, began cheering for Nelson.

In the fourteenth Nelson sent Abe back a foot with a terrific swing to the jaw and pursued him relentlessly. He had Attell in much distress, but could not find a spot uncovered long enough to land a knockout. They finished this round fighting so viciously that both nearly went through the ropes.

Ada in Fourth District.

The state has been divided into four dispensary districts and Ada and Pontotoc county is in No. 4. Other counties in the district are Pottawatomie, Hughes and all those counties south and east of Pontotoc.

County Court.

At the time of going to press the case of Shorty Carter and C. C. McAdoo of Stonewall for disposing of liquor, was called for trial, but a jury had not been secured. It will probably be late this evening before the case is finished.

Secretary Taft has concluded to wear a corset to reduce his waist measure. How silly. By the time he races around the presidential track with Bill Bryan this summer and fall, he wont need any corset for anti-fat purposes.

Rheumatism

I have found a tried and tested cure for Rheumatism. Not a remedy that will straighten the distorted limbs of chronic cripples, nor turn bony growths back to flesh again. That is impossible. But I can now surely kill the pains and pang of this deplorable disease.

In Germany—with a Chemist in the City of Darmstadt—I found the last ingredient with which Dr. Shoop's Rheumatic Remedy was made a perfected, dependable prescription. Without that last ingredient, I successfully treated many cases of Rheumatism; but now, at last, it uniformly cures all curable cases of this heretofore much dreaded disease. Those sand-like granular wastes, found in Rheumatic Blood, seem to dissolve and pass away under the action of this remedy as freely as does sugar when added to pure water. And then, when dissolved, these poisonous wastes freely pass from the system, and the cause of Rheumatism is gone forever. There is now no real need—no actual excuse to suffer longer without help. We sell, and in confidence recommend

HOW TO KNOW PURE PAINT.

A Way in Which It May Be Identified Before Using.

After a building has been painted long enough for a weather test, it is easy to tell if the paint used was made of pure White Lead or not. But such belated knowledge comes like locking the barn after the colt is stolen.

What one wants is a test that will tell the quality of the paint before it and the labor of putting it on are paid for.

Nature has provided a way in which genuine White Lead may be positively distinguished from adulterated or fake White Lead before you spend a cent on your painting.

Pure White Lead is made from metallic lead, and under intense heat, such as is produced by a blow-pipe, pure White Lead will resolve itself back into metallic lead. If, however, it is not genuine White Lead, or if it contains the slightest trace of adulteration, the change will not take place. Therefore the "blow-pipe" test is an absolute and final one.

The National Lead Company are urging everyone interested in painting to make this test of paint before using it, and they guarantee that the pure White Lead sold under their "Dutch Boy Painter" trademark will always prove absolutely pure under the "blow-pipe" or any other test. To make it easy for you to perform the experiment they will send you free upon request a blow-pipe and everything necessary for you to make the test, together with a valuable booklet on paint. Address, National Lead Company, Woodbridge Building, New York City.

What's a Widower?

Is a widower a married or a single man? This question continually crops up and it is continually being answered both ways. Certainly a widower is married—he is not a bachelor. That is one answer. Certainly, on the other hand, no matter what the man once was, he is single now. That is the other answer. Thus in all match games of single against married men—games of hockey, football, baseball, cricket—the poor widower is tossed from one side to the other like a shuttlecock. The solution depends solely upon his skill.

Cuba Progressing.

Cuba is making slow progress toward self-government. The first time the United States intervened in the behalf of order it had to remain in control of affairs more than three years. Then a Cuban congress and a Cuban president assumed power. Everything went smoothly until the election of a new president, when the opponents of the administration were kept from the polls in so many districts that an insurrection soon started. The United States had to intervene the second time, in September, 1906. It has been busy since then straightening out the tangle into which President Palma involved the island. President Roosevelt announced to congress the other day that our work would be completed on February 1, 1909. This will be in less than two years and a half from the appointment of the American provisional governor. As the election of a new president and congress is to be under the supervision of the American officers in Cuba, it is likely that there will be fair play. The next test of Cuban ability will come in four years more, when the Cubans try again to choose a new president. If it should happen that the United States has to be called in a third time there are many persons who believe that it should not retire so quickly, but should remain long enough to assure the country against insurrection every four years.

The most northerly point of land known is Cape Morris Jesup on an island north of Greenland. It was discovered by Commander Peary in 1900, and named after the president of the Peary Arctic club, Morris K. Jesup, who has lately died. Mr. Jesup was one of the most liberal patrons of science, art and exploration of his time. He not only gave generously to the cause of arctic exploration, but provided the money for many scientific expeditions organized to study antiquities in various parts of the world. He will be known for these things to a limited number for a few years, but every schoolboy will pronounce his name for no one knows how long when asked to name the most northern cape in the world. Only the latest geographies show it on their maps now, but they will all have it in a few years.

New York city, which hysterical imaginations are fain to compare with Nineveh, Tyre, Babylon, Sodom and what Mr. Dooley calls other ancient "metropoluppuses," is not an unhealthy place, as great cities go. Last year the births exceeded the deaths by 40,000. This is a greater gain than appears for the same time in London, Berlin or St. Petersburg, and in Paris the death-rate is much greater than the birth-rate. New York is a healthy young child and the nation will succeed in bringing it up yet.

Mr. Edison has sent Count Leo Tolstoy a photograph of the latest and most improved pattern, and in return will receive a cylinder registering Tolstoy's voice as he gives his interpretation of certain Bible texts. The time will come probably when the voices of all prominent personages will be thus preserved for the edification of later generations. For that matter, the voices of private individuals will doubtless be kept in the same way for the benefit of their families, just as universally as photographs are now.

Over 25 years ago London Truth established a doll competition. This year it was held in Albert hall, December 18 and 19. There were 26,000 toys and 4,000 dolls and 11,000 sixpences, all to be given to children in London hospitals, workhouses and infirmaries. For years a great friend of the poor children, Sir Francis Barry, gave the 11,000 sixpences; he died a year ago, but friends and relatives arranged that the pile of sixpences should be given just the same to the expectant children.

The American style of benevolence seems to be contagious. Other countries are feeling the effect. The will of Mrs. Rylands, widow of a wealthy cotton manufacturer of Manchester, England, leaves \$2,365,000 to various charities, including \$1,000,000 to a library on which she spent \$7,500,000 during her life. This is suggestive of some of the princely gifts to philanthropy made in the United States, although the American record is as yet ahead of all others.

Dr. Lyman Abbott puts it thus neatly and pungently: "There is only one argument in favor of race track gambling, namely, that it improves the breed of horses. The answer to that argument is conclusive—it deteriorates the race of men."

Mr. Rockefeller's income is said to be over \$1,000,000 a month. Perhaps he considers that he deserves a rather large salary for standing for the disagreeable things that are continually said of him.

TEN YEARS OF BACKACHE.

Thousands of Women Suffer in the Same Way.

Mrs. Thomas Dunn, 153 Vine St., Columbus, Ohio, says: "For more than ten years I was in misery with backache. The simplest housework completely exhausted me. I had no strength or ambition and suffered headache and dizzy spells. After these years of pain I was despairing of ever being cured when Doan's Kidney Pills came to my notice and their use brought quick relief and a permanent cure. I am very grateful." A New Woman's Marriage. Mrs. Elinor Glyn, the English novelist, who attempts, in her little books, to shock in the French manner, derided the "new woman" at a dinner in New York. "These new women, with their clubs and their fierce chins," she said, "make me think of a conversation I heard once at a dance. 'So your sister, the senior wrangler,' one girl said to another, 'is very happily married, I hear?' 'Indeed she is,' the other girl answered. 'She is most happily married. Her husband doesn't open his mouth in her presence.'"

EYESIGHT WAS IN DANGER From Terrible Eczema—Baby's Head a Mass of Itching Rash and Sores—Disease Cured by Cuticura.

"Our little girl was two months old when she got a rash on her face and within five days her face and head were all one sore. We used different remedies but it got worse instead of better and we thought she would turn blind and that her ears would fall off. She suffered terribly, and would scratch until the blood came. This went on until she was five months old, then I had her under our family doctor's care, but she continued to grow worse. He said it was eczema. When she was seven months old I started to use the Cuticura Remedies and in two months our baby was a different girl. You could not see a sign of a sore and she was as fair as a newborn baby. She has not had a sign of the eczema since. Mrs. H. F. Budke, LeSueur, Minn., Apr. 15 and May 2, '07."

His Choice. A country clergyman on his round of visits interviewed a youngster as to his acquaintance with Bible stories. "My lad," he said, "you have, of course, heard of the parables?" "Yes, sir," shyly answered the boy, whose mother had inducted him in sacred history. "Yes, sir." "Good!" said the clergyman. "Now which of them do you like the best of all?" The boy squirmed, but at last, heeding his mother's frowns, he replied. "I guess I like that one where somebody loafs and fishes."

MUSIC STUDENTS Should Have Steady Nerves.

The nervous system of the musician is often very sensitive and any habit like coffee drinking may so upset the nerves as to make regular and necessary daily practice next to impossible. "I practise from seven to eight hours a day and study Harmony two hours," writes a Mich. music student. "Last September I was so nervous I could only practise a few minutes at a time, and mother said I would have to drop my music for a year. "This was terribly discouraging as I couldn't bear the thought of losing a whole year of study. Becoming convinced that my nervousness was caused largely by coffee, and seeing Postum so highly spoken of, I decided I would test it for a while. "Mother followed the directions carefully and I thought I had never tasted such a delicious drink. We drank Postum every morning instead of coffee, and by November I felt more like myself than for years, and was ready to resume my music. "I now practise as usual, do my studying and when my day's work is finished I am not any more nervous than when I began. "I cannot too highly recommend Postum to musicians who practise half a day. My father is a physician and recommends Postum to his patients. Words cannot express my appreciation for this most valuable health beverage, and experience has proven its superiority over all others." "There's a Reason." Name given by Postum Co., Battle Creek, Mich. Read "The Road to Wellville," in pkgs.

CHAMPIONS OF ALL THIEVES.

Wheels Capable of Stealing Sheet from Under Sleeping Man.

The sailor, in response to a gruff command, replaced rather sheepishly a box of cubed cigarettes that he had clumsily abstracted from the druggist's showcase.

"Jake," he said, "I thought I'd profited better from the teachin's of my Bheel brother-in-law. There's no thief like a Bheel."

"What's a Bheel?" the druggist asked.

"Don't you know what a Bheel is, Jake? Why, he's one of them thiev'in' Hill tribesmen in India. When I was in India I married a Bheel girl—a sailor's got a wife, you know, in every port, Jake, and Ram Dass, my brother-in-law, gave me some lessons in stealin'. The Bheels is considered to be even slicker thieves than the Chinese."

"Yes, many's the trick Ram Dass showed me. Wunst he showed me how to steal a sheet from under a sleepin' man. A slick trick, but one of no great utility. For, after all, what good's a sheet to you after you've stolen it?"

"But that can't be done, can it?" said the druggist.

"I seen it done," the sailor declared. "I seen it done under young Ivor Spencer-Lee, the son of a lord. It was like this:

"Ram Dass sneaked in on young Ivor through the open window, and beginnin' on the right side of the bed—Ivor was layin' over towards the left—he folded the sheet in very neat, flat pleats right up to Ivor's back. I was peerin' through the window and Ram motioned to me to notice how the sheet was folded now no wider than your hand."

"Then he tickled Ivor on the left side with a feather. He tickled and tickled till the young feller rolled to the right, passed clean over the sheet and began to snore again."

"After that, of course, the trick was easy. Ram Dass gathered up the sheet and slung it out to me. I kept it for a curiosity. I got it yet—at least my Bheel wife has it—in the dear old Indian shack—if I ever go back there."

The sailor sighed. "If I ever go back," he said, "but somehow I don't seem to hear the temple bells a-callin' very loud."

A Musician, Too.

She is not really a member of the truly smart set, but she likes to imagine herself such, and she poses as the encourager of genius through the expedient of spreading a free lunch snare for the musical enthusiasts on Sunday evenings. The landlord was unwilling to renew her lease after October 1, and she and her faithful hubby sought new quarters. After long search they at last found a place where the rent was not too much in excess of the sum they had figured upon, and the accommodations were not too far behind their aspirations, and they came to the matter of the lease. Mindful of his interview with the last landlord hubby drew the agent aside.

"I want to tell you," he began, pompously, "that my wife is a genius—a musical genius—and that from time to time we shall have little—er—musicales. I suppose that there will be no objection made to these little affairs?"

"Lord love you, no," was the hearty response. "I'm musical myself."

"Indeed!" was the gratified rejoinder.

"Yes, sir," declared the agent. "I had the first pianola in town."

Most Suicides in Vienna.

Among all the European capitals Vienna has long enjoyed an unenviable preeminence for its number of suicides.

Unfortunately, the figures for last year tend to enhance this reputation. The official records show that 356 men and 108 women committed suicide, as compared with 315 men and 110 women in 1906, a total increase of 39. Besides this, there were no fewer than 739 attempts at suicide, 441 by men and 298 by women.

The preponderance of men over women appears somewhat striking—three to one—but taking the cases of actual suicides and attempts together, this proportion is reduced to less than two to one. Illness and mental disorders were responsible for more than a fourth of the total suicides; unhappy love affairs accounted for 25, poverty for 32 and dissatisfaction with their surroundings for 35.

The highest number of suicides took place in April, 61, and the lowest in May and September, with 31 each.

Too Late, Too Late.

"Is Wullie in?"

"Aye," replies a woman at the door.

"A wad like tae see him."

"Ye canna."

"Whit we no? Is na he weel?"

"Oo, he's juist deid, pulr bodie."

(Long pause.)

"Did he say anything about a pot o' green paint afore he de'd?"—Harp-er's Weekly.

Just Alike.

Towne—Tiresome talker, isn't he? Browne—Yes; reminds me of a woman sharpening a pencil.

Towne—Sets your nerves on edge, eh?

Browne—Oh, yes; but I mean it takes him so long to get to the point.—Philadelphia Press.

PERUNA EDITORIAL NO. 2.

Dr. Hartman has claimed for many years that Peruna is an EXCELLENT CATARRH REMEDY. Some of the doctor's critics have disputed the doctor's claim as to the efficacy of Peruna.

Since the ingredients of Peruna are no longer a secret, what do the medical authorities say concerning the remedies of which Peruna is composed? Take, for instance, the ingredient HYDRASTIS CANADENSIS, OR GOLDEN SEAL. The United States Dispensary says of this herbal remedy, that it is largely employed in the treatment of depraved mucous membranes, chronic rhinitis (nasal catarrh), atonic dyspepsia (catarrh of the stomach), chronic intestinal catarrh, catarrhal jaundice (catarrh of the liver), and in diseased mucous membranes of the pelvic organs. It is also recommended for the treatment of various forms of diseases peculiar to women.

Another ingredient of Peruna, CORYDALIS FORMOSA, is classed in the United States Dispensary as a tonic.

CEDRON SEEDS is another ingredient of Peruna, an excellent drug that has been very largely overlooked by the medical profession for the past fifty years. THE SEEDS ARE TO BE FOUND IN VERY FEW DRUG STORES. The United States Dispensary says of the action of cedron that it is used as a bitter tonic and in the treatment of dysentery, and in intermittent diseases as a SUBSTITUTE FOR QUININE.

OIL OF COPAIBA, another ingredient of Peruna, is classed by the United States Dispensary as a mild stimulant and diuretic. It acts on the stomach and intestinal tract. It acts as a stimulant on the genito-urinary membranes.

Useful in chronic cystitis, chronic dysentery and diarrhea, and some chronic diseases of the liver and kidneys.

These opinions as to the ingredients of Peruna are held by all writers on the subject, including Bartholow and Scudder.

OF HYDRASTIS, BARTHOLOW SAYS it is applicable to stomatitis (catarrh of the mucous surfaces of the mouth), follicular pharyngitis (catarrh of the pharynx), chronic coryza (catarrh of the head). This writer classifies hydrastis as a stomachic tonic, useful in atonic dyspepsia (chronic gastric catarrh), catarrh of the duodenum, catarrh of the gall duct, catarrh of the intestines, catarrh of the kidneys (chronic Bright's disease), catarrh of the bladder, and catarrh of other pelvic organs.

BARTHOLOW REGARDS COPAIBA as an excellent remedy for chronic catarrh of the bladder, chronic bronchitis (catarrh of the bronchial tubes).

BARTHOLOW STATES THAT CUBEER, an ingredient of Peruna, promotes the appetite and digestion, increases the circulation of the blood. Useful in chronic nasal catarrh, follicular pharyngitis (catarrh of the pharynx), increasing the tonicity of the mucous membranes of the throat. It also relieves hoarseness. Useful in atonic dyspepsia (catarrh of the stomach), and in chronic catarrh of the colon and rectum, catarrh of the bladder, prostaticorrhea, and chronic bronchial affections.

MILLSAUGH, MEDICINAL PLANTS, one of the most authoritative works on medicinal herbs in the English language, in commenting upon COLLINSONIA CANADENSIS, says that it acts on the pneumogastric and vaso motor nerves. It increases the secretions of the mucous membranes in general. In the mountains of Virginia, Kentucky, Tennessee and Carolina, collinsonia canadensis is considered a panacea for many disorders, including headache, colic, cramp, dropsy and indigestion. DR. SCUDDER regards it highly as a remedy in chronic diseases of the lungs, heart disease and asthma.

These citations ought to be sufficient to show to any candid mind that Peruna is a catarrh remedy. Surely, such herbal remedies, that command the enthusiastic confidence of the highest authorities obtainable, brought together in proper combination, ought to make a catarrh remedy of the highest efficiency. This is our claim, and we are able to substantiate this claim by ample quotations from the HIGHEST MEDICAL AUTHORITIES IN THE WORLD.

MURLEY REPLACES ALLEN IN
HOUSE OF OKLAHOMA
LEGISLATURE.

REPORT FAVORING DEMOCRAT IS ADOPTED

Membership in Lower Branch of Legislature from Alfalfa County Changed After Contest.

Guthrie, Ok., March 31.—The state senate today had under consideration the house bill for compulsory education of children between the ages of 8 and 16 years. The bill provides for appointment of truant officers in incorporated towns and for habitual 'hooky' playing a lad may be sent to the state reform school. Some sections of the bill were opposed by Senator Blair, who stated that the legislature had gone wild in regulating all the affairs of life. He declared against the power of boards to compel school attendance when conditions of the individual may not warrant it. "The legislature has gone on in its may career," he said, "talking about curing all the ills society is heir to by book learning and you are talking rot. There are things to be learned that you will not find in the books. The debate revealed that Oklahoma only had about 6 per cent of illiteracy."

Guthrie, Ok., March 31.—By a vote of 75 to 19 with fourteen absentees the House adopted the majority report of the committee on privileges and elections which gave the seat allotted to Alfalfa county to Dan G. Murley democrat unseating W. H. H. Allen republican. Murley came forward five minutes later and took the oath of office administered by Speaker Murray. The chairman Mr. McCall of Lovelock county cautioned the house and the galleries to indulge in no demonstration. As soon as the oath had been administered to Mr. Murley Mr. Allen who had held the seat for 106 days left the hall.

The contest had extended over a period of thirty days one result being the arrest and conviction of County Clerk Kincheloe of Alfalfa County for contempt of the house and his incarceration in the county jail here for twenty-four hours for refusing to permit the committee to count the ballots. Hearing of the reports from the committee began yesterday. Mr. Chappell (republican) defending the minority report which favored Allen. The only vote taken yesterday showed the minority leading but there was a change during the night and the minority report was sent to the table on motion of Mr. Rainey of Atoka today by a vote of 56 to 35. When the final vote which settled Murley was taken the insurgents in the house lost still more of their strength. Mr. Chappell charges that the minority members were victims of misplaced confidence.

The morning session of the house was devoted to the state national guard bill. Among the new house bill introduced were by Mr. Stone prohibiting hazing in colleges by Mr. Carson making it unlawful for wholesale merchants or manufacturers or their agents to offer or sell dry goods etc without having the article or package branded stating in plain English the material out of which the article is woven or constructed by Mr. London dividing Jefferson county into two court districts Ryan and Cornish.

The senate recommended for passage the bill by Mr. Durant of the House authorizing an extension of the school land leases for one year and providing for statistical information regarding all of the public lands. The bill affects about 2,000 leases.

SHAWNEE POLICEMAN AND ROBBER'S FIGHT IN DARK

Pistol Battle Follows Hold-Up of Groceryman—Fleeing Man Leaves Trail of Blood.

Shawnee, Ok., March 31.—In a desperate battle in the dark between Policeman John Hatfield and two holdup men at 2:30 o'clock this morning, one of the holdup men was wounded and is now said to be dying. The other desperado was probably wounded.

Blood was seen along his trail in the Canadian River bottom.

After the two men had held up and robbed Will Craig, a grocer, and Dr. W. C. Bradford at the muzzle of pistols on the street, Policeman Hatfield jumped them out of a freight car in the Rock Island yards. Both robbers drew guns and opened fire, which was answered by Hatfield. One went down from the officer's second shot, the bullet passing entirely through his body near the heart. The second robber continued the fight as long as he had a cartridge and then escaped, falling as he ran, but regaining his feet, and made for the Canadian bottoms, leaving a trail of blood behind him. Fifteen shots in all were fired.

Hatfield is uninjured. He has two bullet holes through his coat. The wounded man says he is from Santa Anna, Tex. He can not live.

MRS. ROOSEVELT IN SOUTH.

Wife of the President Modestly Refuses Social Honors at New Orleans.

New Orleans, La., March 31.—The president's yacht, Mayflower, with Mrs. Roosevelt and her guests on board arrived here shortly after 1 o'clock this afternoon. Gov. Blanchard and several of the personal friends of the president met the party and extended a greeting in the name of the state and city.

In conformity with wishes expressed by Mrs. Roosevelt when her trip was first planned no formal entertainments have been arranged in her honor during her stay here. The members of Fitzhugh Chapter Daughters of the Confederacy have planned, however, to entertain Capt. Fitzhugh Lee the president's military aid who is accompanying Mrs. Roosevelt on the trip.

OKLAHOMA CENTRAL THROUGH.

Trains Are Now Running Into Chickasha.

Chickasha, March 31.—The Oklahoma Central Railway has established passenger service between Lehigh and Chickasha. Heretofore all trains have been operated only as far as Blanchard. This practically means the completion of the railroad.

The Most Critical Men Or Young Man

Are the most welcome here, as they are the easiest for us to please. When you call and see the features of the two strong lines we represent, "Spero Michael & Sons, of New York, Hand Tailored Clothes for Men," and "Senior Brand College Clothes for Young Men," you will at once recognize the correctness of style and appreciate the fine quality, workmanship and fit. Besides that the prices are very reasonable, \$10.00 to \$25.00. No house in Ada can equal the price nor the quality.

Originators and Dictators of Low Prices

We are enjoying the largest trade we have ever had at this time of the year. Why? There is only one cause, the same goods for less money than you find elsewhere.

We feel that we have the best hosiery department any place in our section of the country. We buy our hosiery direct from the mill in case lots and in many instances sell them to you at retail at what the jobber would sell them wholesale for.

We are showing a fine line of men's fancy bosom shirts in white and all colors. We bought these shirts by the case and as usual are offering them at our usual small profit.

Our Dictator Price only 60c each

See our Specialty Work shirt only 45c
Men's shirts from 25c to \$1.00

Ladies' long gloves from 45c pair up to \$1.50 per pair.
Ladies' and misses' long lace mitts in black, white and tan, per pair, 25c

THE CHIEF JUSTICE ENDORSED

ARMORE'S ENTHUSIASTIC APPROVAL OF HIM WILL MAKE NOMINATION UNANIMOUS.

WOULD PLEASE ADA

Chief Justice Bob Williams Very Popular in Pontotoc.

To the Honorable S. T. Bledsoe, Chairman of the Ardmore Democratic Club:

Whereas, The time is near at hand for the nomination of chief justice of the supreme court of the state of Oklahoma, and

Whereas, The Honorable R. L. Williams is the incumbent of that exalted position and by reason of having drawn a short term, as a member of said court, will unquestionably be called upon to be his own successor, and

Whereas, During the time he has been upon the bench, he has unqualifiedly shown himself to possess the qualities of a splendid appellate judge, a pains-taking investigator of legal truths, and a jurist whose purpose is to reach and develop the substance and spirit of the law rather than follow the shadow of antiquated theories and who has so commended his learning and usefulness to the people as to arouse the hope of the democrats of this club that he will be tendered the nomination of chief justice to be ratified by unanimous action at the polls

Therefore, Be it resolved by the Ardmore Democratic Club, that we ask the hearty co-operation of all the democrats of the 2nd Supreme Court Judicial District to the end that Judge Williams be tendered the nomination

of Chief Justice of the Supreme Court of Oklahoma and thereby forestall the necessity of any initiative on his part in aid of that purpose, and that this be done by the democracy as an earnest of its confidence in him as a man, a citizen and a jurist.

Resolved, That a copy of these resolutions, properly attested by our president and secretary, be forwarded to Judge R. L. Williams.

Resolved, That the press within the 2nd Supreme Judicial District be requested to publish these resolutions of our club.

Respectfully submitted,
STILLWELL H. RUSSELL,
A. C. CRUCE.

Pain, anywhere, can be quickly stopped by one of Dr. Shoop's Pink Pain Tablets. Pain always means congestion—unnatural blood pressure. Dr. Shoop's Pink Pain Tablets simply coax congested blood away from pain centers. These Tablets—known by druggists as Dr. Shoop's Headache Tablets—simply equalize the blood circulation and then pain always departs in 20 minutes, 20 Tablets 25 cents. Write Dr. Shoop, Racine, Wis., for free package. Sold by G. M. Ramsey

The Last Service.

To Test Opinion.

Guthrie, Ok., March 31.—The board of regents of the state university have retained W. A. Ledbetter of Ardmore to bring suit in the supreme court to test the opinion of the attorney general, in which it was held that the state board of education has plenary powers in the government and control of the university, superseding the board of regents. Mr. Ledbetter was here today in conference with state officials regarding the proposed suit. The question involved as stated by the Oklahoma law upon the boards of regents of the state educational institutions had been supplanted by the constitution in creating the state board of education. The suit will probably be instituted the last of the week

SENATOR JEFF DAVIS ASSAULTED AND HURT

Scalp Lacerated in Street Affray With the Assistant Prosecuting Attorney.

Little Rock, Ark., March 31.—Senator Jeff Davis was this noon the victim of an assault at the hands of Deputy Prosecuting Attorney Tom Helm that resulted in a badly beaten head, a precipitate retreat and the senator's subsequent reappearance on the streets with a navy revolver.

Immediately after the difficulty Helm was hustled to the seclusion of his own office by his friends.

Bleeding profusely from a large contusion on his right temple, Senator Davis presented a striking picture on the street, hatless, his cane dropped in his fright and expressing himself in strong language. The senator's wounds were not serious, but they necessitated the care of a surgeon.

That languid, lifeless feeling that comes with spring and early summer, can be quickly changed to a feeling of buoyancy and energy by the judicious use of Dr. Shoop's Restorative. The Restorative is a genuine tonic to tired, run-down nerves, and but a few doses is needed to satisfy the user that Dr. Shoop's Restorative is actually reaching that tired spot. The indoor life of winter nearly always leads to sluggish bowels, and to sluggish circulation in general. The customary lack of exercise and outdoor air ties up the liver, stagnates the kidneys, and oft-times weakens the heart's action. Use Dr. Shoop's Restorative a few weeks and all will be changed. A few days test will tell you that you are using the right remedy. You will easily and surely note the change from day to day. Sold by G. M. Ramsey.

NELSON AND ATTELL DRAW IN FIFTEENTH

Savage Game at San Francisco Undecided—Early Rounds Favor Abe.

San Francisco, Calif., March 31.—Battling Nelson and Abe Attell fought fifteen savage rounds to a draw tonight the first being one of the liveliest ever witnessed here. The remarkable ability of the Dane to ward off the punishment saved him from defeat in the earlier rounds, when Attell had all the best of it.

In the latter half of the fight Nelson came up strong and hammered his man unmercifully. Nelson was the aggressor at all times, pursuing Attell around the ring and twice sending him to the ropes. The crafty Dane, however, sidestepped some extremely dangerous corners, when it seemed he was certain to be annihilated.

Attell was roundly hissed in the twelfth round for stalling, but it was his salvation for the Dane was after him like a mad bull. The crowd, which in the earlier stages had been strongly on the side of Attell, began cheering for Nelson.

In the fourteenth Nelson sent Abe back a foot with a terrific swing to the jaw and pursued him relentlessly. He had Attell in much distress, but could not find a spot uncovered long enough to land a knockout. They finished this round fighting so viciously that both nearly went through the ropes.

County Court.

At the time of going to press the case of Shorty Carter and C. C. McAdoo of Stonewall for disposing of liquor, was called for trial, but a jury had not been secured. It will probably be late this evening before the case is finished.

Secretary Taft has concluded to wear a corset to reduce his waist measure. How silly. By the time he races around the presidential track with Bill Bryan this summer and fall, he won't need any corset for anti-fat purposes.

Rheumatism

I have found a tried and tested cure for Rheumatism! Not a remedy that will lighten the distorted limbs of chronic cripples, nor turn bony growths back to flesh again. That is impossible. But I can now surely lift the pains and pang of this deplorable disease. In Germany—with a Chemist in the City of Darmstadt—I found the last ingredient with which Dr. Shoop's Rheumatic Remedy was made a perfected, dependable prescription. Without that last ingredient, I successfully treated many cases of Rheumatism; but now, at last, I can firmly cure all curable cases of this heretofore much dreaded disease. Those sand-like granular wastes, found in Rheumatic Blood, seem to disintegrate and pass away under the action of this remedy as freely as does sugar when added to pure water. And then, when dissolved, these poisonous wastes freely pass from the system, and the cause of Rheumatism is gone forever. There is now no real need—no actual excuse to suffer longer without help. We sell, and in confidence recommend

HOW TO KNOW PURE PAINT.

A Way in Which It May Be Identified Before Using.

After a building has been painted long enough for a weather test, it is easy to tell if the paint used was made of pure White Lead or not. But such belated knowledge comes like locking the barn after the colt is stolen.

What one wants is a test that will tell the quality of the paint before it and the labor of putting it on are paid for.

Nature has provided a way in which genuine White Lead may be positively distinguished from adulterated or fake White Lead before you spend a cent on your painting.

Pure White Lead is made from metallic lead, and, under intense heat, such as is produced by a blow-pipe, pure White Lead will resolve itself back into metallic lead. If, however, it is not genuine White Lead, or if it contains the slightest trace of adulteration, the change will not take place. Therefore the "blow-pipe" test is an absolute and final one.

The National Lead Company are urging everyone interested in painting to make this test of paint before using it, and they guarantee that the pure White Lead sold under their "Dutch Boy Painter" trade-mark will always prove absolutely pure under the "blow-pipe" or any other test. To make it easy for you to perform the experiment they will send you free upon request a blow-pipe and everything necessary for you to make the test, together with a valuable booklet on paint. Address, National Lead Company, Woodbridge Building, New York City.

What's a Widower?
Is a widower a married or a single man?
This question continually crops up and it is continually being answered both ways. Certainly a widower is married—he is not a bachelor. That is one answer. Certainly, on the other hand, no matter what the man once was, he is single now. That is the other answer. Thus in all match games of single against married men—games of hockey, football, baseball, cricket—the poor widower is tossed from one side to the other like a shuttlecock. The solution depends solely upon his skill.

Cuba Progressing.
Cuba is making slow progress toward self-government. The first time the United States intervened in the behalf of order it had to remain in control of affairs more than three years. Then a Cuban congress and a Cuban president assumed power. Everything went smoothly until the election of a new president, when the opponents of the administration were kept from the polls in so many districts that an insurrection soon started. The United States had to intervene the second time, in September, 1906. It has been busy since then straightening out the tangle into which President Palma involved the island. President Roosevelt announced to congress the other day that our work would be completed on February 1, 1909. This will be in less than two years and a half from the appointment of the American provisional governor. As the election of a new president and congress is to be under the supervision of the American officers in Cuba, it is likely that there will be fair play. The next test of Cuban ability will come in four years more, when the Cubans try again to choose a new president. If it should happen that the United States has to be called in a third time there are many persons who believe that it should not retire so quickly, but should remain long enough to assure the country against insurrection every four years.

The most northerly point of land known is Cape Morris Jesup on an island north of Greenland. It was discovered by Commander Peary in 1900, and named after the president of the Peary Arctic club, Morris K. Jesup, who has lately died. Mr. Jesup was one of the most liberal patrons of science, art and exploration of his time. He not only gave generously to the cause of arctic exploration, but provided the money for many scientific expeditions organized to study antiquities in various parts of the world. He will be known for these things to a limited number for a few years, but every schoolboy will pronounce his name for no one knows how long when asked to name the most northern cape in the world. Only the latest geographies show it on their maps now, but they will all have it in a few years.

New York city, which hysterical imaginations are fain to compare with Nineveh, Tyre, Babylon, Sodom and what Mr. Dooley calls other ancient "metropolises," is not an unhealthy place, as great cities go. Last year the births exceeded the deaths by 40,000. This is a greater gain than appears for the same time in London, Berlin or St. Petersburg, and in Paris the death-rate is much greater than the birth-rate. New York is a healthy young child and the nation will succeed in bringing it up yet.

Mr. Edison has sent Count Leo Tolstoy a photograph of the latest and most improved pattern, and in return will receive a cylinder registering Tolstoy's voice as he gives his interpretation of certain Bible texts. The time will come probably when the voices of all prominent personages will be thus preserved for the edification of later generations. For that matter, the voices of private individuals will doubtless be kept in the same way for the benefit of their families, just as universally as photographs are now.

Over 25 years ago London Truth established a doll competition. This year it was held in Albert hall, December 18 and 19. There were 26,000 toys and 4,000 dolls and 11,000 sixpences, all to be given to children in London hospitals, workhouses and infirmaries. For years a great friend of the poor children, Sir Francis Barry, gave the 11,000 sixpences; he died a year ago, but friends and relatives arranged that the pile of sixpences should be given just the same to the expectant children.

The American style of benevolence seems to be contagious. Other countries are feeling the effect. The will of Mrs. Rylands, widow of a wealthy cotton manufacturer of Manchester, England, leaves \$2,365,000 to various charities, including \$1,000,000 to a library on which she spent \$7,500,000 during her life. This is suggestive of some of the princely gifts to philanthropy made in the United States, although the American record is as yet ahead of all others.

Dr. Lyman Abbott puts it thus neatly and pungently: "There is only one argument in favor of race track gambling, namely, that it improves the breed of horses. The answer to that argument is conclusive—it deteriorates the race of men."

Mr. Rockefeller's income is said to be over \$1,000,000 a month. Perhaps he considers that he deserves a rather large salary for standing for the disagreeable things that are continually said of him.

Thousands of Women Suffer in the Same Way.

Mrs. Thomas Dunn, 153 Vine St., Columbus, Ohio, says: "For more than ten years I was in misery with backache. The simplest household completely exhausted me. I had no strength or ambition and suffered headache and dizzy spells. After these years of pain I was despairing of ever being cured when Doan's Kidney Pills came to my notice and their use brought quick relief and a permanent cure. I am very grateful."

A New Woman's Marriage.
Mrs. Ellen Glyn, the English novelist, who attempts, in her little books, to shock in the French manner, declared the "new woman" at a dinner in New York.

"These new women, with their clubs and their fierce claims," she said, "make me think of a conversation I heard once at a dance."
"So your sister, the senior wrangler," one girl said to another, "is very happily married, I hear?"
"Indeed she is," the other girl answered. "She is most happily married. Her husband doesn't open his mouth in her presence."

EYESIGHT WAS IN DANGER

From Terrible Eczema—Baby's Head & Mass of Itching Rash and Sores—Disease Cured by Cuticura.

"Our little girl was two months old when she got a rash on her face and within five days her face and head were all one sore. We used different remedies but it got worse instead of better and we thought she would turn blind and that her ears would fall off. She suffered terribly, and would scratch until the blood came. This went on until she was five months old, then I had her under our family doctor's care, but she continued to grow worse. He said it was eczema. When she was seven months old I started to use the Cuticura Remedies and in two months our baby was a different girl. You could not see a sign of a sore and she was as fair as a newborn baby. She has not had a sign of the eczema since. Mrs. H. F. Budke, LeSueur, Minn., Apr. 15 and May 2, '07."

His Choice.
A country clergyman on his round of visits interviewed a youngster as to his acquaintance with Bible stories.

"My lad," he said, "you have, of course, heard of the parables?"
"Yes, sir," shyly answered the boy, whose mother had inducted him in sacred history. "Yes, sir."
"Good!" said the clergyman. "Now which of them do you like the best of all?"
The boy squirmed, but at last, heeding his mother's frowns, he replied:
"I guess I like that one where somebody loafs and fishes."

MUSIC STUDENTS

Should Have Steady Nerves.

The nervous system of the musician is often very sensitive and any habit like coffee drinking may so upset the nerves as to make regular and necessary daily practice next to impossible. "I practise from seven to eight hours a day and study Harmony two hours," writes a Mich. music student. "Last September I was so nervous I could only practise a few minutes at a time, and mother said I would have to drop my music for a year."
"This was terribly discouraging as I couldn't bear the thought of losing a whole year of study. Becoming convinced that my nervousness was caused largely by coffee, and seeing Postum so highly spoken of, I decided I would test it for a while."
"Mother followed the directions carefully and I thought I had never tasted such a delicious drink. We drank Postum every morning instead of coffee, and by November I felt more like myself than for years, and was ready to resume my music."
"I now practise as usual, do my studying and when my day's work is finished I am not any more nervous than when I began."
"I cannot too highly recommend Postum to musicians who practise half a day. My father is a physician and recommends Postum to his patients. Words cannot express my appreciation for this most valuable health beverage, and experience has proven its superiority over all others." "There's a Reason."

Sheets Capable of Stealing Sheet from Under Sleeping Man.

The sailor, in response to a gruff command, replaced rather sheepishly a box of cubed cigarettes that he had clumsily abstracted from the druggist's showcase.

"Jake," he said, "I thought I'd profited better from the teachin's of my Bheel brother-in-law. There's no thief like a Bheel."

"What's a Bheel?" the druggist asked.

"Don't you know what a Bheel is, Jake? Why, he's one of them thieves in India. When I was in India I married a Bheel girl—a sailor's got a wife, you know, in every port, Jake, and Ram Dass, my brother-in-law, gave me some lessons in stealin'. The Bheels is considered to be even slicker thieves than the Chinese."

"Yes, many's the trick Ram Dass showed me. Wunst he showed me how to steal a sheet from under a sleepin' man. A slick trick, but one of no great utility. For, after all, what good's a sheet to you after you've stolen it?"

"But that can't be done, can it?" said the druggist.
"I seen it done," the sailor declared. "I seen it done under young Ivor Spencer-Lee, the son of a lord. It was like this:

"Ram Dass sneaked in on young Ivor through the open window, and beginnin' on the right side of the bed—Ivor was layin' over towards the left—he folded the sheet in very neat, flat pleats right up to Ivor's back. I was peerin' through the window and Ram motioned to me to notice how the sheet was folded now no wider than your hand."

"Then he tickled Ivor on the left side with a feather. He tickled and tickled till the young feller rolled to the right, passed clean over the sheet and began to snore again."

"After that, of course, the trick was easy. Ram Dass gathered up the sheet and slung it out to me. I kept it for a curiosity. I got it yet—at least my Bheel wife has it—in the dear old Indian shack—if I ever go back there."

The sailor sighed.
"If I ever go back," he said, "but somehow I don't seem to hear the temple bells a-callin' very loud."

A Musician, Too.

She is not really a member of the truly smart set, but she likes to imagine herself such, and she poses as the encourager of genius through the expedient of spreading a free lunch snare for the musical enthusiasts on Sunday evenings. The landlord was unwilling to renew her lease after October 1, and she and her faithful hubby sought new quarters. After long search they at last found a place where the rent was not too much in excess of the sum they had figured upon, and the accommodations were not too far behind their aspirations, and they came to the matter of the lease. Mindful of his interview with the last landlord hubby drew the agent aside.

"I want to tell you," he began, pompously, "that my wife is a genius—a musical genius—and that from time to time we shall have little—er—musicales. I suppose that there will be no objection made to these little affairs?"

"Lord love you, no," was the hearty response. "I'm musical myself."

"Indeed!" was the gratified rejoinder.

"Yes, sir," declared the agent. "I had the first piano in town."

Most Suicides in Vienna.

Among all the European capitals Vienna has long enjoyed an unenviable preeminence for its number of suicides. Unfortunately, the figures for last year tend to enhance this reputation. The official records show that 356 men and 108 women committed suicide, as compared with 315 men and 110 women in 1908, a total increase of 39. Besides this, there were no fewer than 739 attempts at suicide, 441 by men and 298 by women.

The preponderance of men over women appears somewhat striking—three to one—but taking the cases of actual suicides and attempts together, this proportion is reduced to less than two to one. Illness and mental disorders were responsible for more than a fourth of the total suicides; unhappy love affairs accounted for 25, poverty for 32 and dissatisfaction with their surroundings for 35.

The highest number of suicides took place in April, 61, and the lowest in May and September, with 31 each.

Too Late, Too Late.

Sandy, who is painting his house, goes to the other end of town on a borrowing expedition. He stops at neighbor Wullie's. Knocks.

"Is Wullie in?"

"Aye," replies a woman at the door.

"A wad like tae see him."

"Ye canna."

"Whit wey no? Is na he weel?"

"Oo, he's juist deid, pulr bodie."

(Long pause.)

Towne—Tiresome talker, isn't he?

Dr. Hartman has claimed for many years that Peruna is an EXCELLENT CATARRH REMEDY. Some of the doctor's critics have disputed the doctor's claim as to the efficacy of Peruna.

Since the ingredients of Peruna are no longer a secret, what do the medical authorities say concerning the remedies of which Peruna is composed? Take, for instance, the ingredient HYDRASTIS CANADENSIS, OR GOLDEN SEAL. The United States Dispensary says of this herbal remedy, that it is largely employed in the treatment of depraved mucous membranes, chronic rhinitis (nasal catarrh), atonic dyspepsia (catarrh of the stomach), chronic intestinal catarrh, catarrhal jaundice (catarrh of the liver), and in diseased mucous membranes of the pelvic organs. It is also recommended for the treatment of various forms of diseases peculiar to women.

Another ingredient of Peruna, CORYDALIS FORMOSA, is classed in the United States Dispensary as a tonic.

CEDRON SEEDS is another ingredient of Peruna, an excellent drug that has been very largely overlooked by the medical profession for the past fifty years. THE SEEDS ARE TO BE FOUND IN VERY FEW DRUG STORES. The United States Dispensary says of the action of cedron that it is used as a bitter tonic and in the treatment of dysentery, and in intermittent diseases as a SUBSTITUTE FOR QUININE.

OIL OF COPAIBA, another ingredient of Peruna, is classed by the United States Dispensary as a mild stimulant and diuretic. It acts on the stomach and intestinal tract. It acts as a stimulant on the genito-urinary membrane.

Useful in chronic cystitis, chronic dysentery and diarrhea, and some chronic diseases of the liver and kidneys. These opinions as to the ingredients of Peruna are held by all writers on the subject, including Bartholow and Souder.

OF HYDRASTIS, BARTHOLOW SAYS it is applicable to stomatitis (catarrh of the mucous surface of the mouth), follicular pharyngitis (catarrh of the pharynx), chronic coryza (catarrh of the head). This writer classifies hydrastis as a stomachic tonic, useful in atonic dyspepsia (chronic gastric catarrh), catarrh of the duodenum, catarrh of the gall duct, catarrh of the intestines, catarrh of the kidneys (chronic Bright's disease), catarrh of the bladder, and catarrh of other pelvic organs.

BARTHOLOW REGARDS COPAIBA as an excellent remedy for chronic catarrh of the bladder, chronic bronchitis (catarrh of the bronchial tubes).

BARTHOLOW STATES THAT CUREE, an ingredient of Peruna, promotes the appetite and digestion, increases the circulation of the blood. Useful in chronic nasal catarrh, follicular pharyngitis (catarrh of the pharynx), increasing the tonicity of the mucous membrane of the throat. It also relieves hoarseness. Useful in atonic dyspepsia (catarrh of the stomach), and in chronic catarrh of the colon and rectum, catarrh of the bladder, prostaticorrhea, and chronic bronchial affections.

MILLSAUGH, MEDICINAL PLANTS, one of the most authoritative works on medicinal herbs in the English language, in commenting upon COLLINSONIA CANADENSIS, says that it acts on the pneumogastric and vaso motor nerves. It increases the secretions of the mucous membranes in general. In the mountains of Virginia, Kentucky, Tennessee and Carolina, collinsonia canadensis is considered a panacea for many disorders, including headache, colic, cramp, dropsy and indigestion. DR. SCUDDER regards it highly as a remedy in chronic diseases of the lungs, heart disease and asthma.

These citations ought to be sufficient to show to any candid mind that Peruna is a catarrh remedy. Surely, such herbal remedies, that command the enthusiastic confidence of the highest authorities obtainable, brought together in proper combination, ought to make a catarrh remedy of the highest efficacy.

This is our claim, and we are able to substantiate this claim by ample quotations from the HIGHEST MEDICAL AUTHORITIES IN THE WORLD.

THE CHIEF JUSTICE ENDORSED

ARMORE'S ENTHUSIASTIC APPROVAL OF HIM WILL MAKE NOMINATION UNANIMOUS.

WOULD PLEASE ADA

Chief Justice Bob Williams Very Popular in Pontotoc.

To the Honorable S. T. Bledsoe, Chairman of the Ardmore Democratic Club:

Whereas, The time is near at hand for the nomination of chief justice of the supreme court of the state of Oklahoma, and

Whereas, The Honorable R. L. Williams is the incumbent of that exalted position and by reason of having drawn a short term, as a member of said court, will unquestionably be called upon to be his own successor, and

Whereas, During the time he has been upon the bench, he has unqualifiedly shown himself to possess the qualities of a splendid appellate judge, a pains-taking investigator of legal truths, and a jurist whose purpose is to reach and develop the substance and spirit of the law rather than follow the shadow of antiquated theories and who has so commended his learning and usefulness to the people as to arouse the hope of the democrats of this club that he will be tendered the nomination of chief justice to be ratified by unanimous action at the polls

Therefore, Be it resolved by the Ardmore Democratic Club, that we ask the hearty co-operation of all the democrats of the 2nd Supreme Court Judicial district to the end that Judge Williams be tendered the nomination

of Chief Justice of the Supreme Court of Oklahoma and thereby forestall the necessity of any initiative on his part in aid of that purpose, and that this be done by the democracy as an earnest use of its confidence in his as a man, a citizen and a jurist.

Resolved, That a copy of these resolutions, properly attested by our president and secretary, be forwarded to Judge R. L. Williams.

Resolved, That the press within the 2nd Supreme Judicial District be requested to publish these resolutions of our club.

Respectfully submitted,
STILLWELL H. RUSSELL,
A. C. CRUCE.

Pain, anywhere, can be quickly stopped by one of Dr. Shoop's Pink Pain Tablets. Pain always means congestion—unnatural blood pressure. Dr. Shoop's Pink Pain Tablets simply coax congested blood away from pain centers. These Tablets—known by druggists as Dr. Shoop's Headache Tablets—simply equalize the blood circulation and then pain always departs in 20 minutes. 20 Tablets 25 cents. Write Dr. Shoop, Racine, Wis., for free package. Sold by G. M. Ramsey.

The Last Service.

Tonight is the last of the series of services at the Methodist church, and it is the earnest desire of those in charge to have a large attendance. The sermon last evening was a glorious one, and you missed a treat by not being present.

To Test Opinion.

Guthrie, Ok., March 31.—The board of regents of the state university have retained W. A. Ledbetter of Ardmore to bring suit in the supreme court to test the opinion of the attorney general, in which it was held that the state board of education has plenary powers in the government and control of the university, superseding the board of regents. Mr. Ledbetter was here today in conference with state officials regarding the proposed suit. The question involved as stated by the Oklahoma law upon the boards of regents of the state educational institutions had been supplanted by the constitution in creating the state board of education. The suit will probably be instituted the last of the week.

SENATOR JEFF DAVIS ASSAULTED AND HURT

Scalp Lacerated in Street Affray With the Assistant Prosecuting Attorney.

Little Rock, Ark., March 31.—Senator Jeff Davis was this noon the victim of an assault at the hands of Deputy Prosecuting Attorney Tom Helm that resulted in a badly beaten head, a precipitate retreat and the senator's subsequent reappearance on the streets with a navy revolver.

Immediately after the difficulty Helm was hustled to the seclusion of his own office by his friends.

Bleeding profusely from a large contusion on his right temple, Senator Davis presented a striking picture on the street, hatless, his cane dropped in his fright and expressing himself in strong language. The senator's wounds were not serious, but they necessitated the care of a surgeon.

That languid, lifeless feeling that comes with spring and early summer, can be quickly changed to a feeling of buoyancy and energy by the judicious use of Dr. Shoop's Restorative. The Restorative is a genuine tonic to tired, run-down nerves, and but a few doses is needed to satisfy the user that Dr. Shoop's Restorative is actually reaching that tired spot. The indoor life of winter nearly always leads to sluggish bowels, and to sluggish circulation in general. The customary lack of exercise and outdoor air ties up the liver, stagnates the kidneys, and oft-times weakens the heart's action. Use Dr. Shoop's Restorative a few weeks and all will be changed. A few days test will tell you that you are using the right remedy. You will easily and surely note the change from day to day. Sold by G. M. Ramsey.

NELSON AND ATTELL

DRAW IN FIFTEENTH

Savage Game at San Francisco Undecided—Early Rounds Favor Abe.

San Francisco, Calif., March 31.—Battling Nelson and Abe Attell fought fifteen savage rounds to a draw tonight, the mil being one of the liveliest ever witnessed here. The remarkable ability of the Dane to stand terrific punishment saved him from defeat in the earlier rounds, when Attell had all the best of it.

In the latter half of the fight Nelson came up strong and hammered his man unmercifully. Nelson was the aggressor at all times, pursuing Attell around the ring and twice sending him to the ropes. The crafty Dane, however, sidestepped some extremely dangerous corners, when it seemed he was certain to be annihilated.

Attell was roundly hissed in the twelfth round for stalling, but it was his salvation for the Dane was after him like a mad bull. The crowd, which in the earlier stages had been strongly on the side of Attell, began cheering for Nelson.

In the fourteenth Nelson sent Abe back a foot with a terrific swing to the jaw and pursued him relentlessly. He had Attell in much distress, but could not find a spot uncovered long enough to land a knockout. They finished this round fighting so viciously that both nearly went through the ropes.

County Court.

At the time of going to press the case of Shorty Carter and C. C. McAdoo of Stonewall for disposing of liquor, was called for trial, but a jury had not been secured. It will probably be late this evening before the case is finished.

Secretary Taft has concluded to wear a corset to reduce his waist measure. How silly. By the time he races around the presidential track with Bill Bryan this summer and fall, he won't need any corset for anti-fat purposes.

Rheumatism

I have found a tried and tested cure for Rheumatism! Not a remedy that will straighten the distorted limbs of chronic cripples, nor turn bony growths back to flesh again. That is impossible. But I can now surely kill the pains and pangs of this deplorable disease.

In Germany with a Chemist in the City of Darmstadt I found the last ingredient with which Dr. Shoop's Rheumatic Remedy was made a perfected, dependable prescription. Without that last ingredient, I successfully treated many, many cases of Rheumatism; but now, at last, I can cure all curable cases of this horrid, much dreaded disease. Those sand-like granular wastes, found in Rheumatic Blood, seem to dissolve and pass away under the action of this remedy as freely as does sugar when added to pure water. And then, when dissolved, these poisonous wastes freely pass from the system, and the cause of Rheumatism is gone forever. There is now no real need—no actual excuse to suffer longer without help. We sell, and in confidence recommend

Old Tom Dead.
Old Tom, the best bird dog that ever put foot on soil in this country, died of old age at his home last night. He was the property of Mr. J. T. Conn who brought him from Western Texas years ago and who loved him, not only because of his qualifications as a bird dog, but as a home dog also. Tom was a pioneer in Ada. The writer remembers him well as the only available dog in this community eight years ago, and the many pleasant days he has spent with him and his master in pursuit of quail, and in that day we always found plenty of them. We sympathize deeply with Mr. Conn in his loss.

Piles are easily and quickly checked with Dr. Shoop's Magic Ointment. To prove it I will mail a small trial box as a convincing test. Simply address Dr. Shoop, Racine, Wis. NOW IS THE TIME

When you will decide contemplated changes in house furnishings

Come In and Figure With Us

Our stock is replete with many desirable articles of furnishings not heretofore carried in stock in our city.

Commensurate With the City's Growth

It is proper that our stock should be made stronger and the demands more carefully considered each year. We Can Better Serve you in Hardware and Furniture than any other firm in Pontotoc County, for we are able to fit you up with a complete outfit of furnishings from the smallest article of hardware to the most expensive article of furniture.

We have just received a splendid selection of Greenland Refrigerators. They come in the enameled as well as the plain. Ten years handling this excellent line has convinced us that there is no more economic refrigerator on the market. The peculiar construction of the walls is such as to guarantee a normal amount of ice wasting--this is a point many do not consider.

We have just received another shipment of these beautiful Vernis Martin beds. They are massive and very attractive, does not require polishing, which makes it more desirable than the brass.

FLOOR COVERINGS

We have received several shipments of Art Squares from the Eastern market. Our last shipment of Axminster 9x12 Rugs are especially rich and beautiful. We will sell these at least ten per cent cheaper than we have seen them on sale in some of our larger cities.

LACE CURTAINS

We have just received a shipment of lace curtains which for beauty and correctness of style cannot be excelled. Price per pair \$3 up to \$7

LINOLEUMS

We have the largest and most complete stock of Linoleums and matings in the city. Prices are right--come and see.

PROTECT YOUR BOOKS!

They're too valuable to be strewn about the room or house exposed to dust and damage! Of course you can't help it, if your book-case is full and of the old style solid construction. Better get rid of such a case, or start a new one that will always accommodate your books without being either too large or too small--one that grows with your library and always fits it. The

Globe-Wernicke

"Elastic" Book-Case

is the original and only up-to-date sectional book-case and is made by the largest manufacturers of such goods in the world. It's furnished in a variety of grades, sizes and prices, adapted to any and all requirements. It's a system of units, each unit fitted with the perfection dust-proof roller-bearing door--we'll be glad to show them if you call, or will send illustrated catalogue on request.

It is being more recognized than in former years that it is just as necessary to have a well furnished kitchen as any other part of the house. Especially is it necessary for the comfort and convenience of those who in this western country are so unfortunate as to be unable to have hired help.

HOW TO KNOW PURE PAINT.

A Way in Which It May Be Identified Before Using.

After a building has been painted long enough for a weather test, it is easy to tell if the paint used was made of pure White Lead or not. But such belated knowledge comes like locking the barn after the colt is stolen.

What one wants is a test that will tell the quality of the paint before it and the labor of putting it on are paid for.

Nature has provided a way in which genuine White Lead may be positively distinguished from adulterated or fake White Lead before you spend a cent on your painting.

Pure White Lead is made from metallic lead, and, under intense heat, such as is produced by a blow-pipe, pure White Lead will resolve itself back into metallic lead. If, however, it is not genuine White Lead, or if it contains the slightest trace of adulteration, the change will not take place. Therefore the "blow-pipe" test is an absolute and final one.

The National Lead Company are urging everyone interested in painting to make this test of paint before using it, and they guarantee that the pure White Lead sold under their "Dutch Boy Painter" trade-mark will always prove absolutely pure under the "blow-pipe" or any other test. To make it easy for you to perform the experiment they will send you free upon request a blow-pipe and everything necessary for you to make the test, together with a valuable booklet on paint. Address, National Lead Company, Woodbridge Building, New York City.

What's a Widower?
Is a widower a married or a single man?

This question continually crops up and it is continually being answered both ways. Certainly a widower is married—he is not a bachelor. That is one answer. Certainly, on the other hand, no matter what the man once was, he is single now. That is the other answer. Thus in all match games of single against married men—games of hockey, football, baseball, cricket—the poor widower is tossed from one side to the other like a shuttlecock. The solution depends solely upon his skill.

Cuba Progressing.

Cuba is making slow progress toward self-government. The first time the United States intervened in the behalf of order it had to remain in control of affairs more than three years. Then a Cuban congress and a Cuban president assumed power. Everything went smoothly until the election of a new president, when the opponents of the administration were kept from the polls in so many districts that an insurrection soon started. The United States had to intervene the second time, in September, 1906. It has been busy since then straightening out the tangle into which President Palma involved the island. President Roosevelt announced to congress the other day that our work would be completed on February 1, 1909. This will be in less than two years and a half from the appointment of the American provisional governor. As the election of a new president and congress is to be under the supervision of the American officers in Cuba, it is likely that there will be fair play. The next test of Cuban ability will come in four years more, when the Cubans try again to choose a new president. If it should happen that the United States has to be called in a third time there are many persons who believe that it should not retire so quickly, but should remain long enough to assure the country against insurrection every four years.

The most northerly point of land known is Cape Morris Jesup on an island north of Greenland. It was discovered by Commander Peary in 1900, and named after the president of the Peary Arctic club, Morris K. Jesup, who has lately died. Mr. Jesup was one of the most liberal patrons of science, art and exploration of his time. He not only gave generously to the cause of arctic exploration, but provided the money for many scientific expeditions organized to study antiquities in various parts of the world. He will be known for these things to a limited number for a few years, but every schoolboy will pronounce his name for no one knows how long when asked to name the most northern cape in the world. Only the latest geographies show it on their maps now, but they will all have it in a few years.

New York city, which hysterical imaginations are fain to compare with Nineveh, Tyre, Babylon, Sodom and what Mr. Dooley calls other ancient "metropolises," is not an unhealthy place, as great cities go. Last year the births exceeded the deaths by 40,000. This is a greater gain than appears for the same time in London, Berlin or St. Petersburg, and in Paris the death-rate is much greater than the birth-rate. New York is a healthy young child and the nation will succeed in bringing it up yet.

Mr. Edison has sent Count Leo Tolstoy a phonograph of the latest and most improved pattern, and in return will receive a cylinder registering Tolstoy's voice as he gives his interpretation of certain Bible texts. The time will come probably when the voices of all prominent personages will be thus preserved for the edification of later generations. For that matter, the voices of private individuals will doubtless be kept in the same way for the benefit of their families, just as universally as photographs are now.

Over 25 years ago London Truth established a doll competition. This year it was held in Albert hall, December 18 and 19. There were 26,000 toys and 4,000 dolls and 11,000 sixpences, all to be given to children in London hospitals, workhouses and infirmaries. For years a great friend of the poor children, Sir Francis Barry, gave the 11,000 sixpences; he died a year ago, but friends and relatives arranged that the pile of sixpences should be given just the same to the expectant children.

The American style of benevolence seems to be contagious. Other countries are feeling the effect. The will of Mrs. Rylands, widow of a wealthy cotton manufacturer of Manchester, England, leaves \$2,365,000 to various charities, including \$1,000,000 to a library on which she spent \$750,000 during her life. This is suggestive of some of the princely gifts to philanthropy made in the United States, although the American record is as yet ahead of all others.

Dr. Lyman Abbott puts it thus neatly and pungently: "There is only one argument in favor of race track gambling, namely, that it improves the breed of horses. The answer to that argument is conclusive—it deteriorates the race of men."

Mr. Rockefeller's income is said to be over \$1,000,000 a month. Perhaps he considers that he deserves a rather large salary for standing for the disagreeable things that are continually said of him.

TEN YEARS OF BACKACHE.

Thousands of Women Suffer in the Same Way.

Mrs. Thomas Dunn, 153 Vine St., Columbus, Ohio, says: "For more than ten years I was in misery with backache. The simplest household completely exhausted me. I had no strength or ambition and suffered headache and dizzy spells. After these years of pain I was despairing of ever being cured when Doan's Kidney Pills came to my notice and their use brought quick relief and a permanent cure. I am very grateful."

A New Woman's Marriage.

Mrs. Elvira Glyn, the English novelist, who attempts, in her little books, to shock in the French manner, derided the "new woman" at a dinner in New York.

"These new women, with their clubs and their fierce chins," she said, "make me think of a conversation I heard once at a dance."

"So your sister, the senior wrangler, one girl said to another, 'is very happily married, I hear?'"

"Indeed she is," the other girl answered. "She is most happily married. Her husband doesn't open his mouth in her presence."

EYESIGHT WAS IN DANGER

From Terrible Eczema—Baby's Head a Mass of Itching Rash and Sores—Disease Cured by Cuticura.

"Our little girl was two months old when she got a rash on her face and within five days her face and head were all one sore. We used different remedies but it got worse instead of better and we thought she would turn blind and that her ears would fall off. She suffered terribly, and would scratch until the blood came. This went on until she was five months old, then I had her under our family doctor's care, but she continued to grow worse. He said it was eczema. When she was seven months old I started to use the Cuticura Remedies and in two months our baby was a different girl. You could not see a sign of a sore and she was as fair as a newborn baby. She has not had a sign of the eczema since. Mrs. H. F. Budka, LeSueur, Minn., Apr. 15 and May 2, '07."

His Choice.

A country clergyman on his round of visits interviewed a youngster as to his acquaintance with Bible stories.

"My lad," he said, "you have, of course, heard of the parables?"

"Yes, sir," shyly answered the boy, whose mother had inducted him in sacred history. "Yes, sir."

"Good!" said the clergyman. "Now which of them do you like the best of all?"

The boy squirmed, but at last, heeding his mother's frowns, he replied.

"I guess I like that one where somebody loafs and fishes."

MUSIC STUDENTS

Should Have Steady Nerves.

The nervous system of the musician is often very sensitive and any habit like coffee drinking may so upset the nerves as to make regular and necessary daily practice next to impossible.

"I practise from seven to eight hours a day and study Harmony two hours," writes a Mich. music student. "Last September I was so nervous I could only practise a few minutes at a time, and mother said I would have to drop my music for a year."

"This was terribly discouraging as I couldn't bear the thought of losing a whole year of study. Becoming convinced that my nervousness was caused largely by coffee, and seeing Postum so highly spoken of, I decided I would test it for a while."

"Mother followed the directions carefully and I thought I had never tasted such a delicious drink. We drank Postum every morning instead of coffee, and by November I felt more like myself than for years, and was ready to resume my music."

"I now practise as usual, do my studying and when my day's work is finished I am not any more nervous than when I began."

"I cannot too highly recommend Postum to musicians who practise half a day. My father is a physician and recommends Postum to his patients. Words cannot express my appreciation for this most valuable health beverage, and experience has proven its superiority over all others." "There's a Reason."

Name given by Postum Co., Battle Creek, Mich. Read "The Road to Wellville," in pkgs.

CHAMPIONS OF ALL THIEVES.

Sheets Capable of Stealing Sheet from Under Sleeping Man.

The sailor, in response to a gruff command, replaced rather sheepishly a box of cubed cigarettes that he had clumsily abstracted from the druggist's showcase.

"Jake," he said, "I thought I'd profited better from the teachin' of my Bheel brother-in-law. There's no thief like a Bheel."

"What's a Bheel?" the druggist asked.

"Don't you know what a Bheel is, Jake? Why, he's one of them thiev'in' Hill tribesmen in India. When I was in India I married a Bheel girl—a sailor's got a wife, you know, in every port, Jake, and Ram Dass, my brother-in-law, gave me some lessons in stealin'." The Bheels is considered to be even stickier thieves than the Chinese.

"Yes, many's the trick Ram Dass showed me. Wunst he showed me how to steal a sheet from under a sleepin' man. A slick trick, but one of no great utility. For, after all, what good's a sheet to you after you've stolen it?"

"But that can't be done, can it?" said the druggist.

"I seen it done," the sailor declared. "I seen it done under young Ivor Spencer-Lee, the son of a lord. It was like this:

"Ram Dass sneaked in on young Ivor through the open window, and beginnin' on the right side of the bed—Ivor was layin' over towards the left—he folded the sheet in very neat, flat pleats right up to Ivor's back. I was peerin' through the window and Ram motioned to me to notice how the sheet was folded now no wider than your hand."

"Then he tickled Ivor on the left side with a feather. He tickled and tickled till the young feller rolled to the right, passed clean over the sheet and began to snore again."

"After that, of course, the trick was easy. Ram Dass gathered up the sheet and slung it out to me. I kept it for a curiosity. I got it yet—at least my Bheel wife has it—in the dear old Indian shack—if I ever go back there."

The sailor sighed.

"If I ever go back," he said, "but somehow I don't seem to hear the temple bells a-callin' very loud."

A Musician, Too.

She is not really a member of the truly smart set, but she likes to imagine herself such, and she poses as the encourager of genius through the expedient of spreading a free lunch snare for the musical enthusiasts on Sunday evenings. The landlord was unwilling to renew her lease after October 1, and she and her faithful hubby sought new quarters. After long search they at last found a place where the rent was not too much in excess of the sum they had figured upon, and the accommodations were not too far behind their aspirations, and they came to the matter of the lease. Mindful of his interview with the last landlord hubby drew the agent aside.

"I want to tell you," he began, pompously, "that my wife is a genius—a musical genius—and that from time to time we shall have little—or—musicales. I suppose that there will be no objection made to these little affairs?"

"Lord love you, no," was the hearty response. "I'm musical myself."

"Indeed!" was the gratified rejoinder.

"Yes, sir," declared the agent. "I had the first piano in town."

Most Suicides in Vienna.

Among all the European capitals Vienna has long enjoyed an unenviable preeminence for its number of suicides.

Unfortunately, the figures for last year tend to enhance this reputation. The official records show that 356 men and 108 women committed suicide, as compared with 315 men and 110 women in 1906, a total increase of 39. Besides this, there were no fewer than 739 attempts at suicide, 441 by men and 298 by women.

The preponderance of men over women appears somewhat striking—three to one—but taking the cases of actual suicides and attempts together, this proportion is reduced to less than two to one. Illness and mental disorders were responsible for more than a fourth of the total suicides; unhappy love affairs accounted for 25, poverty for 32 and dissatisfaction with their surroundings for 25.

The highest number of suicides took place in April, 61, and the lowest in May and September, with 31 each.

Too Late, Too Late.

Sandy, who is painting his house, goes to the other end of town on a borrowing expedition. He stops at neighbor Wullie's. Knocks.

"Is Wullie in?"

"Aye," replies a woman at the door.

"A wad like tae see him."

"Ye canna."

"Whit wye no? Is na he weel?"

"Oo, he's juist deid, puir bodie."

(Long pause.)

"Did he say anything about a pot o' green paint afore he deed?"—Harper's Weekly.

Just Alike.

Towne—Tiresome talker, isn't he?

Brown—Yes; reminds me of a woman sharpening a pencil.

Towne—Sets your nerves on edge, eh?

Brown—Oh, yes; but I mean it takes him so long to get to the point.—Philadelphia Press.

PERUNA EDITORIAL NO. 2.

Dr. Hartman has claimed for many years that Peruna is an EXCELLENT CATHARTIC REMEDY. Some of the doctor's critics have disputed the doctor's claim as to the efficacy of Peruna.

Since the ingredients of Peruna are no longer a secret, what do the medical authorities say concerning the remedies of which Peruna is composed? Take, for instance, the ingredient HYDRASTIS CANADENSIS, OR GOLDEN SEAL. The United States Dispensatory says of this herbal remedy, that it is largely employed in the treatment of depraved mucous membranes, chronic rhinitis (nasal catarrh), atonic dyspepsia (catarrh of the stomach), chronic intestinal catarrh, catarrhal jaundice (catarrh of the liver), and in diseased mucous membranes of the pelvic organs. It is also recommended for the treatment of various forms of diseases peculiar to women.

Another ingredient of Peruna, CORYDALIS FORMOSA, is classed in the United States Dispensatory as a tonic.

CELEBRON SEEDS is another ingredient of Peruna, an excellent drug that has been very largely overlooked by the medical profession for the past fifty years. THE SEEDS ARE TO BE FOUND IN VERY FEW DRUG STORES. The United States Dispensatory says of the action of cedron that it is used as a bitter tonic and in the treatment of dysentery, and in intermittent diseases as a SUBSTITUTE FOR QUININE.

OIL OF COPAIBA, another ingredient of Peruna, is classed by the United States Dispensatory as a mild stimulant and diuretic. It acts on the stomach and intestinal tract. It acts as a stimulant on the genito-urinary membrane.

Useful in chronic cystitis, chronic dysentery and diarrhoea, and some chronic diseases of the liver and kidneys.

These opinions as to the ingredients of Peruna are held by all writers on the subject, including Bartholow and Scudder.

OF HYDRASTIS, BARTHOLOW SAYS it is applicable to stomatitis (catarrh of the mucous surfaces of the mouth), follicular pharyngitis (catarrh of the pharynx), chronic coryza (catarrh of the head). This writer classifies hydrastis as a stomachic tonic, useful in atonic dyspepsia (chronic gastric catarrh), catarrh of the duodenum, catarrh of the gall duct, catarrh of the intestines, catarrh of the kidneys (chronic Bright's disease), catarrh of the bladder, and catarrh of other pelvic organs.

BARTHOLOW REGARDS COPAIBA as an excellent remedy for chronic catarrh of the bladder, chronic bronchitis (catarrh of the bronchial tubes).

BARTHOLOW STATES THAT CUREX, an ingredient of Peruna, promotes the appetite and digestion, increases the circulation of the blood. Useful in chronic nasal catarrh, follicular pharyngitis (catarrh of the pharynx), increasing the tonicity of the mucous membranes of the throat. It also relieves hoarseness. Useful in atonic dyspepsia (catarrh of the stomach), and in chronic catarrh of the colon and rectum, catarrh of the bladder, proctorrhoea, and chronic bronchial affections.

MILLSAUGH, MEDICINAL PLANTS, one of the most authoritative works on medicinal herbs in the English language, in commenting upon COLLINSONIA CANADENSIS, says that it acts on the pneumogastric and vaso motor nerves. It increases the secretions of the mucous membranes in general. In the mountains of Virginia, Kentucky, Tennessee and Carolina, collinsonia canadensis is considered a panacea for many disorders, including headache, colic, cramp, dropsy and indigestion. DR. SCUDDER regards it highly as a remedy in chronic diseases of the lungs, heart disease and asthma.

These citations ought to be sufficient to show to any candid mind that Peruna is a catarrh remedy. Surely, such herbal remedies, that command the enthusiastic confidence of the highest authorities obtainable, brought together in proper combination, ought to make a catarrh remedy of the highest efficacy.

This is our claim, and we are able to substantiate this claim by ample quotations from the HIGHEST MEDICAL AUTHORITIES IN THE WORLD.
